Gary McGraw is the CTO of Cigital, Inc., a software security and quality consulting firm with headquarters in the Washington, D.C. area. He is a globally recognized authority on software security and the author of six best selling books on this topic. The latest, *Exploiting Online Games*, was released in 2007. His other titles include *Java Security*, *Building Secure Software*, *Exploiting Software*, and *Software Security*; and he is editor of the Addison-Wesley Software Security series. Dr. McGraw has also written over 90 peer-reviewed scientific publications, authors a monthly security column for darkreading.com, and is frequently quoted in the press.

Besides serving as a strategic counselor for top business and IT executives, Gary is on the Advisory Boards of Fortify Software and Raven White. His dual PhD is in Cognitive Science and Computer Science from Indiana University, where he serves on the Dean's Advisory Council for the School of Informatics. Gary is an IEEE Computer Society Board of Governors member and produces the monthly Silver Bullet Security Podcast for *IEEE Security & Privacy* magazine.
